P ARISH POSTING

I am delighted to report that three excellent candidates are due to be interviewed for the post of Rector by a selection panel, led by Bishop Gavin, on the 27th March and by the time you are reading this we should know the outcome of the selection process, although it will probably be another couple of months before the successful candidate is able to take up the position.

Stephen and Pam will be leaving The Rectory sometime in April and I would like to take this opportunity to thank them for all they have done for the Parish over the past seventeen years. We are going to miss them but they are only moving to near Oxford, so will be close enough for us to keep in touch with them. We wish them both a long, healthy and happy retirement. The Easter Sunday service this year will be held at St Nicholas Kiddington at 10.15. Do come and join us for this great festival of the Church. All will be welcome.

V OLUNTEER(S) NEEDED.

One task which Pam Jones quietly carried out while living in Wootton was to keep the front garden of the

church looking tidy and cared for. It would be good if one or two Wootton residents could undertake to carry on her work. As grass is cut regularly, this would mainly entail weeding the beds. If you would like to help, please get in touch.

W OOTTON TEA ROOM

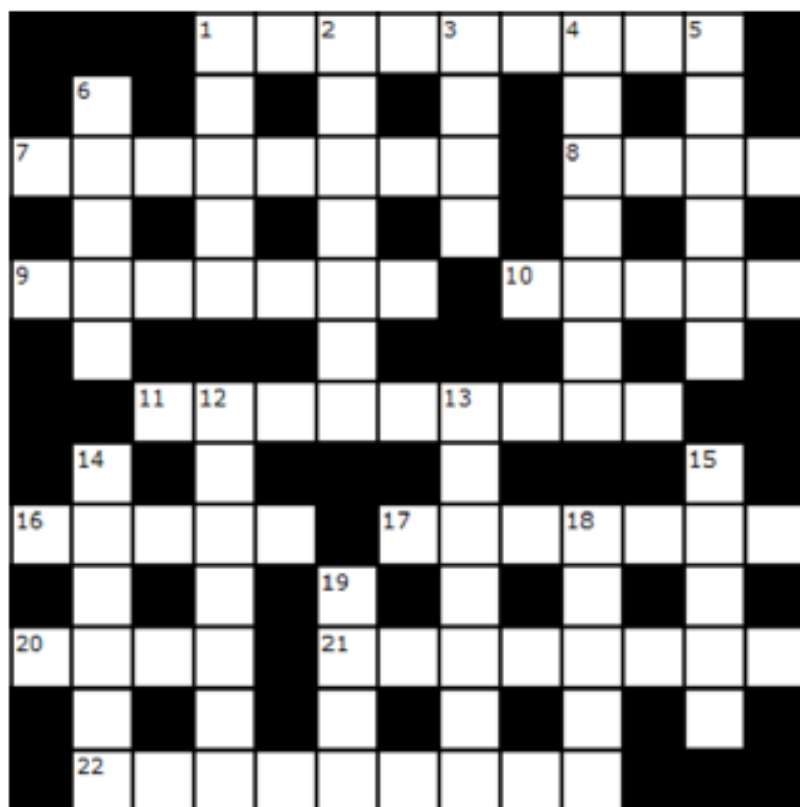

The “Wootton Tea Room” on 11th March was Pam Jones’ last one before moving (with Stephen of course!) from Wootton. Pam was the instigator and organiser of the Tea Room, the first of which was in September 2017. She was presented with a beautiful bouquet (created by Ana Firth), and the comments written in the accompanying card by the volunteers and customers showed their huge appreciation of Pam’s initiative and commitment. The Tea Room Volunteers are determined to continue this monthly community event and the next one will be on the morning of Saturday 22nd April, 10.30 – 12.00.

CONGRATULATIONS!! Your croissants await you at Wootton Stores. Commiserations to those not lucky this time.... don't give up!

Completed puzzles should be handed in at Wootton or Glympton Stores, with your name and phone number, before the 15th of the month. The first correct answer drawn after the 15th of the next month will win four croissants.

Outreach is grateful to WOOTTON STORES for their continued generous support.

APRIL: SUNSHINE, SNOW OR SHOWERS?

Weather-wise April is predictably unpredictable. I've had some Easter picnics sitting in the sunshine atop a hill, getting mildly sunburned while rolling boiled eggs down the hill. (In the 1970s in Fife sun cream was really only available at airports, and people thought you were weird if you used it outside of Spain.) There was the added peril of not finding your Easter egg in time before the sun turned it to chocolate sauce. Other years we spent Easter Sunday indoors, as a blizzard raged outside, hunting for Easter eggs in the house. Surprise! It's in the welly! Again! I wonder what kind of weather we'll have this year over Easter. Are you planning a picnic or ordering in more logs for the fire? In any case, pop into Wootton Stores where you'll find a selection of lovely Easter eggs, nibbles for picnics ... and kindling for the fire. Sun, rain, snow, whatever – as long as there is chocolate and ideally someone to share it with, life is good.

WOOTTON PARISH COUNCIL

The March meeting of the parish council was held on the first mild damp evening for some weeks. Councillors were pleased to hear that the arrangements agreed in February for toad patrols in West End had been put into operation. The toad warning signs were in position and volunteers were out carefully rescuing our local toads and newts.

SAVING OUR TOADS; If you are driving through that part of the village at night over the next couple of months, please be aware that fellow villagers will be doing their bit to help our local newt and toad populations. Slow down! And steer round any toads you see in your headlights. Across the UK amphibian numbers have declined alarmingly - so Wootton is showing how things can be done differently.

ROAD SAFETY AND TRANSPORT At the meeting, we reported on the continuing efforts to work out how best to ensure the safety of pedestrians in the vicinity of the Killingworth Castle, and what rights of way do, or should, exist. Other transport issues also featured in our discussions, as we learnt of rumours that major changes to local buses (No 7 & S3) are being planned. We are following these up to find out whether they are true or not.

Concerns that the arrangements for moving Wootton children to Tackley school would shortly be ending were also reported to us. We will be raising this concern with the school and ODS to establish the facts and report back to the next meeting.

ARCHAEOLOGICAL REMAINS Recently, it has become clear archaeologists believe that under the large field north of the Samsons farm cottage/drama school buildings probably lie the extensive remains of a Romano-British settlement. An application has been submitted by a local group to Historic England to add these remains to the official schedule of ancient monuments. The parish council was asked to support this application and has agreed to do so.

WOOTTON RELIEF IN NEED CHARITY
At the next meeting of the council, we will be making two trustee appointments to the Wootton Relief in Need charity. Provided we hear immediately, it's not too late for anyone interested to put their name forward for consideration. If you miss this round, then we will be making further appointments later in the year. The full notice is in Outreach and also on the Wootton village website.

DATE OF NEXT MEETING Finally, we agreed revised dates for the April and May meetings, to avoid the clash with bank holidays. The next meeting will be on Monday 3 April, and in May the Annual Parish

Meeting, and the Annual Meeting of the council will both be held in the evening of Monday 15 May.

WPC.... STOP PRESS!

Most of the old 'No 7' bus route has been absorbed into a new 'S7' route which runs from Witney to Oxford city centre via Oxford Parkway, Woodstock, and Long Hanborough. Needless to say the section which hasn't been absorbed is the section from Woodstock up to the new bus turning space at Wootton Turn. (If you catch the S7 in Woodstock then it is important to check which direction it is going in.) So everyone else gets an improved service except Wootton which loses out.

LIFE'S EVENTS

This month we are remembering another much-loved member of our community. Nora Bateman came to Wootton as a girl with her family in 1945 and has lived here ever since. She showed much love, and inner strength, as she cared for her family, enduring the death her husband, Michael ("Mick") and the tragic early death of their son Paul. For a long time, Nora worked at Spencer Court, always showing care and respect for the residents. She latterly shared in the TRIO Lunches. Her funeral was attended by a good number of family and friends, including her grandson, James, who made a special journey from Australia to share in remembering her with love and affection. Our love and kind thoughts go out to Mark, Caroline, family and friends. Please send your life's event including celebrations and birthdays to fiona@mackinlay.net or 07880327674, Kings Head House, Chapel Hill, Wootton. Our deadline for next month's news is the 15th day of the month before!

Five teams took part in the March quiz - including two tables of Killingworth lunchers! What finer way to end a fabulous meal, than testing your brain power on countries that grow tomatoes, US Presidents who won the Nobel Peace Prize, and Beyoncé and the Grammys!?

In the end, the lunch table teams could not quite keep up with the regulars. Team Alb came in third, What A Lotte Bollix came second again but the well-named well-maned Hairy Philosophers came out top.

NEXT QUIZ: April 16th, 7pm

Due to Easter this is the THIRD Sunday instead of the usual second Sunday.

After that, we may not be running quizzes every month. If you'd like to be on the email notification list,

please let me know on

WOOTTON VILLAGE HALL TALKS

Our next speaker at 7.30pm on
Friday April 14th is HENRY MARSH,
pioneering brain surgeon, who
makes a much-anticipated return to
the Talks after his last appearance in
2017 - but much has changed in his
life since then. A couple of years
ago, he was diagnosed with prostate
cancer and there was a role
reversal, with him going from doctor
to patient, and he has written
elegantly about the process in his
wonderful new book *And Finally:
Matters of Life and Death*
Henry has had a strong association
with Ukraine and worked there for
over 30 years, teaching surgery and
working to reform and update the
medical system. His work in the
country was the subject of the BBC
Storyville film, *The English Surgeon*.
He has returned to Ukraine since
the Russian invasion and the
tragedy of that country has affected
him deeply.

Entry is £10 in cash - and includes
free food featuring delicious rocky-

roads. Wine and soft drinks are
available for a modest donation. To

ALL PROCEEDS TO THE DEC UKRAINE
HUMANITARIAN APPEAL

In March, MARTIN JENNINGS gave a
wonderful talk about his work as a
sculptor of many public statues,
such as John Betjeman at St Pancras
Station and George Orwell outside
BBC Broadcasting House. He also
designed the statue of Sir Archibald
McIndoe, the pioneering
reconstructive surgeon who worked
on badly-burned servicemen after
the war, including Martin's own
father, who went on to be a
headteacher and father 11 children
with Martin's mother

Martin has also been commissioned
to design new coins featuring the
head of King Charles, with the 50
Pence piece and the Five Pound
Commemorative Crown already in
circulation. Unlike his mother,
Charles isn't wearing a crown and he
is said to be delighted with the
likeness. Many millions will soon be
in circulation, with each one
featuring Martin's initials.

Just over 100 people attended the
evening and £767 was raised for the
Ukraine Humanitarian Appeal, giving
a total raised since March last year
of £5,709.

SOLAR: WOOTTON AWARENESS GROUP

Just down the road from Wootton, around Sansoms Cottage and the Oxford School of Drama, is a protected Historic England monument called Sansom's Platt, beneath which lies a Roman town complete with roads, a temple and many buildings. Excavations and aerial images over the Platt and surrounding fields have revealed Roman mosaic floors, burial pits, more buildings and roads.

The town is situated immediately alongside Akeman Street, the Roman road which connected the garrisons of Cirencester and St. Albans. Roads have also been discovered leading to the - at least 10 - Roman farms at Tackley and towards what is now Woodstock. So, an area on the edge of Wootton is home to what is now being recognised as a significant Roman trading town - and possible legionary pit stop too - situated in a landscape which has remained almost unchanged over two millennia. If this weren't enough, it is thought the Druids had established a temple here even before the Romans arrived. Over two thousand years of unchanging historical landscape and heritage, with some folk feeling the energy

around these fields as they enjoy their walks.

Until now.

Blenheim Palace own this area and they propose, in an act of cultural vandalism, to cover the unprotected fields immediately adjacent to the protected Platt with solar panels. There is evidence that these fields cover an even wider area of archaeological significance, with aerial photographs showing Roman remains stretching far beyond the land which is currently under protection.

How can we stand by and let this happen? How shameful that we could be the generation which, after more than two thousand years, allowed Blenheim to trash an historic area while themselves enjoying UNESCO heritage protection.

Dominic Hare, CEO of Blenheim, publicly admitted that “this is a blight”.

West Oxfordshire cannot sustain a 3,440 acre solar ‘farm’.

Let us all join with Churchill and “Never give in. Never, never, never, never” allow this to happen.

WANTED!
TRUSTEES FOR WOOTTON
RELIEF IN NEED CHARITY.

Wootton Relief in Need is an important village charity which provides financial help to local people who are in distress or facing hardship. The Parish Council is responsible for appointing some of the trustees of the charity and is currently looking for local people to fill two vacancies.

Trustees make the decisions about how the charity works and enable it to carry out its mission. The role does not involve fundraising, and doesn't need any specialist skills, or previous experience as a trustee.

But you do need to be over 18.

Empathy and understanding, together with local knowledge, and a concern for the welfare of others are the main attributes which we are looking for. Previous experience working with those in need and knowledge of the benefit system would be useful. Trustees are not paid.

More information about Wootton Relief in Need can be found in their page on www.WoottonbyWoodstock.co.uk, or by speaking to one of the existing trustees.

Do you think you could spare a little time to help others by being a WRiN trustee? Then please register

your interest by writing to or emailing our Parish Clerk, Corina Cheeks, on Clerkwpc0@gmail.com with a short explanation of what you think you could bring to the charity. Please note that those who have been trustees in the past are eligible for appointment.

TONESFIELD GARDENING
CLUB

A great meeting in March, on a cold, wet evening a record number of members came out to hear a very entertaining talk from the Chatty Gardener Mandy Bradshaw. Journalist and gardener, Mandy showed us behind the scenes of a dozen gardens in the Cotswolds and talked about their development. Accompanied by her excellent photographs, this was a real treat and gave us all some ideas of gardens in the National Gardens Scheme that we'll be making sure we visit this year. This month sees the return of our ever-popular plant sale. It will be on 29 April at Four Acres, Pond Hill between 8.30-11am. Thanks to Sybil and Will Barton who generously allow us the use of their front garden. We look forward to donations from members, who should be busy growing seedlings or potting on cuttings! We already have several members from Wootton and would welcome more. See our website for monthly events and membership details. Or just pop along to a talk, visitor charge is £3.

OODSTOCK
& DISTRICT

U3A

[University of the 3rd age]

Emerging (if that word does not overly tempt fate) from COVID and its restrictions, Woodstock & District u3a looks to be back to business as usual – and with an increased membership. Although, sadly, our meeting of 2 March was hit by a last minute call from guest speaker Nick Brazil who was stranded by transport problems.

With his talk labelled simply 'Hedgehogs' let's hope that our next guest speaker, Hugh Warwick, is in no danger of similar obstacles.

Meeting starts 2 p.m. prompt,
Friday 6 April,
St. Hugh's Centre, Hensington Road,
Woodstock.

The following month sees the Branch's Annual General Meeting, 2 p.m. 4 May, same venue. Formal business to be transacted of course, but also another opportunity to meet u3a Committee members and others.

As always, much of the work and interest of individual u3a members is tied up with one or more of our Interest Groups – eighteen of them, ranging from 'Art' to 'Walking' and meeting, some weekly, some monthly. Detail of Branch and Group activities at: <https://u3asites.org.uk/woodstock>.

WHAT ARE OUR TOADS UP TO IN APRIL?

March and April are the peak breeding months for common toads. The village toads migrated to their breeding ponds from March onwards. This is a bit later than frogs, who are likely to be at the ponds and may have even spawned by the time the toads arrive.

Like all amphibians the toads will have hibernated in woods and gardens around Wootton, which is a great area for them. The stone walls and wooded areas give them lots of places to hide away for the winter. When the temperature gets above 6 degrees at night, they travel to their breeding pond.

Male toad migrating to breeding pond, Wootton 2003

The males tend to travel first, and then may spend as much as a month at the pond. Females travel later and may arrive with males in amplexus – clinging on to their bodies using the nuptial pads on their forearms. It looks just like the female is giving the male a

piggyback. If you helped the toads cross the road in the village this spring you may have had the males cling to your hands when picked up, their instinct to hold on to a female is so strong.

The spawn is laid by the females and fertilised by the males. Unlike frogspawn which is laid in a mass, toad spawn is laid as a pair of strings, often next to or entangled with water weeds so it can be very hard to see. Usually spawning happens at night, often on or close to a full moon - if you are lucky enough to be close by you will hear the male toads high pitched calls, which are surprisingly loud.

You can also hear them on warm afternoons at this time of year and sometimes hundreds of male toads will be resting among the weeds in the sun, calling and scrambling over each other to find females.

When the toads have spawned, they leave the ponds and make their way back into gardens, woods and fields.
